**Hello All:**

**The EPA will be demobing the site today (12/19/14) for the Holidays. We will return on 1/5/15 to reinstate response activities. My contractors will be conducting periodic evaluations of the site during the the break. Also, with the 3 plus inches of rain received on Thursday/Friday the Southern portion of the site is again flooded and therefore we will have personnel on-site periodically to pump the water down.**

**I have put in an alert with the HPD for all three HPD shifts to conduct increased surveillance during our break. The If something should come up while I am away, please contact me on my cell phone listed below.**

**Merry Christmas and Happy New Year!**

**Gary Moore**
